Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: applicants claim optically active fluorine-containing compounds represented by formulae (1) to (4) and (6) and (7). The closest prior art of record, Wipf et al, Kempf et al, and Dillon et al, teach compounds having an oxirane group; however, the closest prior art of record fail to teach or fairly suggest the fluorine-containing compounds claimed in the present invention. As such, the processes for making and using the compounds of the present invention are found to be unobvious in view of the closest prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Johann Richter can be reached on 571-272-0646. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
